### Message From The President:

*by Robert Kettering*

#### Election Day in Realville

According to the latest polls, the race between Donald Trump and Hillary Clinton is about as close as it can be with each candidate getting 45%. This could change by election day, but for now it looks like this will be a very close election and PA could play a pivotal role. So what are conservatives like you and I to do?

Like many of you, I did not vote for Trump in the primary, but the fact is that he won the Republican nomination fair and square and now it is decision time for us conservatives. Exodus 18:21 gives us qualifications to look for when we select our leaders. One of these qualifications is honesty. On this issue, Hillary Clinton is simply disqualified. She hasn't just been dishonest on some trivial issue; rather she has displayed a lifetime of dishonesty from Whitewater to Benghazi, to the recent Email scandal where she has repeatedly lied to the American people. In addition to her dishonesty, she is probably the most corrupt politician to ever run for president. Clinton proposes to grant amnesty to all illegals and in fact, she would increase the flow of immigrants into the country. She would, for all purposes be Obama's third term continuing with his policies which have led to the slowest "recovery" in US history. Yet putting all that aside, the most important issue in this election is that our next president will be appointing several new members to the Supreme Court, and on this issue the candidates are polar opposites. Clinton will appoint only left leaning, pro-abortion activists and Trump has stated that he will appoint only pro-life judges. In fact, he has submitted a list of potential candidates and Jay Sekulow of the ACLJ has stated that he believes any of the judges from Trump's list to be excellent choices for the Supreme Court. These appointments to the high court will set the direction of our nation for the next 30 years. This issue, the control of the Supreme Court is why I will vote for Donald Trump.

## What about keeping **unlimited abortion on demand throughout pregnancy** legal?

Hillary Clinton supports *Roe v. Wade*, which allows abortion for any reason at any time of pregnancy.

## What about **appointing Justices** to the Supreme Court?

Donald Trump will appoint Justices to the Supreme Court who will strictly interpret the Constitution according to its text and history and **not use the bench to legislate.**

**Election Day in Realville** (continued from Page 1)

Rush Limbaugh often says that he is the mayor of Realville. Well I am a resident of Realville. In Realville it does no good to wish we had a different candidate or to talk about the shortcomings of the one we have or to vote for a third party candidate who has no chance of winning. Here in Realville, on November 8, we will either elect Donald Trump or Hillary Clinton. And the simple fact is that every vote that is not for Trump is a 1 vote advantage to Clinton. With PA being a swing state and the votes from Lancaster County being a critical component of any Republican victory in Pennsylvania, we simply cannot afford to sit on the sidelines.

For the last 8 years our country has been going down the wrong road. Donald Trump will never be the captain of our salvation, but he may be able to start to turn the ship.
