Message from the President...

MAKING AMERICA GREAT AGAIN... AGAIN

by Robert Kettering

Less than one year ago illegal aliens were streaming across our border, the price of gasoline was around \$4/gallon, a dozen of eggs cost \$4.82, and the average rate of inflation under the Biden Presidency was around 4%. Today, less than one year later, our border is secure, the price of gasoline is down to nearly \$3/gallon, eggs cost \$2.66, and the rate of inflation is 2.4%! Additionally the House has passed the big beautiful budget bill and the bill is poised to pass in the Senate in the next few weeks. The bill is not perfect but it is a big step in the right direction. This is truly an amazing turnaround! Indeed, President Trump is making America Great Again ... Again!

As I write this article, the news just reported that Israel is destroying Iran's nuclear facilities. Early reports indicate that the mission is a great success. This is yet another result of good leadership. Instead of giving billions of dollars to strengthen Iran as Biden did, Trump is helping to set the stage where the leaders of Iran, and their terrorist allies are loosing their grip in the middle east. At this time we should pray for the many innocent people who are caught up in the middle of all of this. Psalms 122:6 instructs us to "pray for the peace of Jerusalem: May those who love you be secure."
